Grow Your Career with CG in Lancashire, Manchester and Liverpool

## Role: Senior Business Immigration Specialist

**Location:** Base yourself at any of our North West offices (with the flexibility to work from home)

CG challenges and reinvents the way legal services are delivered, consistently providing bespoke advice to cater for all sector needs. Our approach is unique, operating in a client first environment, creating a culture that engages and listens to the client base. Our people strategy is at our foundation, always recruiting & developing the profession's finest talent, ensuring we confidently execute our proven CG formula. As one of the fastest growing law firms, this is an exciting time to join the CG journey, and grasping an opportunity to work with leading clients nationwide including PLCs and household names.

Our ambition is to grow our name and presence to disrupt the existing market and continue to grow our team who all enjoy what they do and have fun doing it. Our partners have all previously worked for large international and national law firms and bring with them extensive, high-profile experience and networks.

We have no red-tape or archaic structure and offer a flexible and agile approach to managing our teams which operate from offices in Liverpool, Manchester and Lancashire. Similarly, we try to support clients by way of a fixed-fee and retainer pricing wherever possible, so time recording is the exception rather than the rule. We have tripled our turnover year on year and have an outstanding client base across a variety of sectors.

### What to expect:

We are looking to recruit a senior professional with the experience and expertise to build and potentially lead a Business Immigration team to help us service our existing client base and pro-actively grow the workstream. There will be a high level of responsibility and client contact from the outset and this is an exciting opportunity to join a fun and entrepreneurial team. There is potential and scope for the right person to grow with the business at their own pace and outside of the confines of a traditional law firm model.

The successful candidate will be able to demonstrate that they have sound up to date technical knowledge of the relevant Immigration Rules and associated guidance and have a strong focus on Business Immigration. They will be able to support sponsors (from application onwards), providing strategic and practical advice on migrant resourcing and co-ordinating solutions which may often involve utilising the Skilled Worker and GBM routes.

Excellent communication skills and a friendly approach to building internal and external relationships is key. We expect experience of line management with a view to further recruitment into the team.

### Why work for CG:

- We can offer a competitive salary, an excellent benefits package, and the opportunity to work at a firm with a genuinely exciting culture and environment.
