

Associate Solicitor

Bespoke legal services. Crafted for the commercial world.

Associate Solicitor (Commercial)

Full Time Position

Across Our Offices

At CG, we do things differently. We're not just another law firm—we challenge convention, rethink how legal services are delivered, and put clients at the heart of everything we do. Our dynamic, unrestricted approach means we listen, adapt, and provide expert advice tailored to businesses at every stage of their journey.

What to expect:

We're one of the fastest-growing firms in the sector, working with a diverse client base that includes PLCs and household names as well as start-up and scale-ups – we like to work with interesting businesses doing interesting things.

This is an exciting time to join us, as we continue to expand our reach and disrupt the way that legal services are provided.

Our culture is built on flexibility, collaboration, and innovation. We strip away unnecessary bureaucracy, giving our people the autonomy to thrive.

With offices in Liverpool, Manchester, and Lancashire, we offer a modern, agile working environment, supporting clients through a fixed-fee or retainer pricing model—so time recording is the exception, not the rule. Our success speaks for itself, with year-on-year growth and an ever-expanding portfolio of high-profile clients.

What to expect:

We are looking to recruit a solicitor with 3-6 years' post-qualification experience to join our growing Commercial Team. The team currently comprises one Partner, four solicitors and a trainee. The successful candidate will have the flexibility to work across our offices and, following a successful integration period, there will be an option to work from home one or two days per week.

You will have the opportunity to work on a variety of commercial matters, including advising in connection with the supply of goods and services, IT contracts, commercial collaborations, exploitation and protection of intellectual property and data protection. You will also have the chance to manage your own caseload and contribute to business development by building and maintaining strong client relationships.

The Ideal Candidate:

- 3-6 years' PQE in a commercial team at a national or strong regional practice.
- Strong technical knowledge of commercial law.
- Proactive, organised, and able to manage a varied workload.
- Excellent communication skills and ability to build client relationships.
- A strong team player with a commercial mindset.

Benefits:

- Competitive salary and benefits package.
- Hybrid and flexible working options.
- Career development opportunities within a fast-growing firm.

- Supportive and collaborative working environment.
- Health and well-being benefits.

To apply, please upload your CV and a short cover note with your application detailing why you would like to work with us.
